

2.04 TRYOUT (COMPETITION)

INJURED PLAYER CIRCUMSTANCE

When an injury prevents an athlete from participating in tryouts, NBYVC will do everything possible to assess the player by and/or gather information from a number of resources to fairly assess their suitability to play on the given team.

PROCEDURE

- A. The player must be registered for tryouts by the registration deadline;
- B. The player will attend tryouts and must provide, no later than 24 hours prior to the first tryout, and before taking the court for any further evaluations, a letter from a medical professional confirming the injury;
- C. The player will be assessed by the coaches for that division and the NBYVC Board of Directors/Evaluators after the earliest medical approval date;
- D. A coach may reserve a position on the team if he/she is certain that the player, has shown from their past history, would make that team. After consulting with current coach, previous coach, lower level coach, and/or any other appropriate source, the selection to the team must be approved by the NBYVC Head Coach;
- E. This position may only be held for an injured player if the player has a letter from a medical professional stating the player is expected to be able to play volleyball by November 30th of the current year. This date can only be extended with the approval of the NBYVC Board of Directors, and;
- F. If a position is held for an injured player, that player must pay the tryout fees and any associated team fees
